## CUSTOMISED FLAGS

**We have huge stocks of the most popular fabric used to make outdoor flags. Prepared with 200 Denier bright nylon, Invista Solar Max™ yarn material with UV coating on both sides, our flags are known for their excellent durability and light weight qualities, extremely suitable for outdoor use.**

**Fabric - MADE IN CANADA**

## PROMO CLIPS

### PROMOCLIPS

A visible value for money usable promotion; entirely manufactured in the Netherlands. The clips, made of stainless steel or brass, are available in various sizes with enough space for 1-2-4 colour printing or engraving of the logo. The Promoclip is designed to prevent papers from damaging or fingers from cutting. The spring-effect allows the clip to grip lesser to larger number of papers.
