

AMPA®

Automatic Air Freshener Dispenser

NEW IMPROVED TECHNOLOGY

- ✦ **POWER LED**
Green Light on visual indicator shows the battery is operating.
- ✦ **LIGHT SENSOR**
Functions automatically depending on the setting.
- ✦ **RED LIGHT**
Built in self diagnosis technology incorporated into the compact circuitry system. During spraying, red light blinks to indicate circuitry is functioning properly.
- ✦ **ADJUSTABLE SPRAY INTERVAL**
Timing between spray is adjustable (range from 5-25 minutes) providing customised odour control and minimum wastage.
- ✦ **SELECTOR SWITCH**
Provides odour control only when needed
 1. 24 hours - Operates 24 hours a day.
 - II. Night Function only when area is dark.
Stop automatically when light is detected
 - III. Day - Function when light is sensed.
Stop automatically when area is dark
- ✦ **KEY LOCK AVAILABLE**
Prevent theft of refill

Metered Aerosol Refill

STANDARD FEATURES

AMPA® with upgraded design and additional features that incorporated the latest artificial intelligence (AI) technology with sensors that provide better functioning control and energy saving. Compact advanced circuitry and use of tough ABS materials ensures quiet operation and long lasting usage

AMPA® air freshener dispenser is most suitable for use in lavatories of public buildings, factories, restaurants swimming pools, sports complexes offices, residences etc.

A single metered canister sprays 3000 times and consistently controls an area upto 8000 cubic feet. Two "D" size batteries should last approx 3 months.
