Services

We are comprised of experts in Engineering and Construction and our consistent networking and participation in professional organizations ensures that we are prominent in outsourcing of Resources operating with the well-established Data Base comprise of Qualified and Industry Experienced workforce

We are in the development of Customized Services to our existing clients that would suit to their specific requirement to enhance the efficiency of company's business. We have earned our reputation through fulltime involvement and for our excellence in service commitments to Oil & Gas and Power Sectors. We are dedicated and believe in providing the best services to our customers. Our role is to strengthen our client's business by implementing a variety of Human Resources tools and management training based on the needs of your business. Our Services includes

Technical Industrial Services

To support construction and fabrication services for clients

To provide Skilled workforce for construction in civil, mechanical and Electrical work scope

Refer the staffing category list below.

Staffing Category List

Technical Services for Projects	EPC Contractors & End users
Middle Management	
Asst.Managers	Dy.Construction Managers
Sr.Mechanical Design Engineer	Design Engineer – Electro Mechanical
Sr.Thermal Design Engineer	Design Engineer - Piping
Sr.QAQC Engineer	Construction Engineers
Welding Engineer	Quality Control Inspectors
Mechanical Design Engineer	Civil Design Engineers
QAQC Engineer	Structural Engineers
Welding/QC Inspector	Estimators
Piping Inspector	Civil QC inspectors
Instrumentation Engineer	Surveyors
Project Engineer	Structural Design Engineers
Contracts Engineer	Project Controllers
Production Engineer	Inventory Controllers
Material Controller	Site Supervisor
Supervisor	Charge Hand
Sales & Proposal Engineer	Forman
Estimator	Quantity Surveyors
Sr.Draughtsman	Buyers & Procurement specialists
Draughtsman	Logistics executives
Foreman	Admin. personnel
Skilled Work force	
Heat Exchangers Technician	Masons
Welder 6G –GTAW/SMAW	Skilled Carpenters
Welders - FCAW/MIG/MAG	Steel fixers/fitters
Welding Operators - SAW	Shuttering Carpenters
Structural Welders – 3G/4G	Site Electricians
Fabricators – Pressure vessel	Site Plumbers
Fabricators – Piping	A/C Technicians
Fabricator – Structural	Structural Erectors
Instrumentation Technician	Structural Fitters
Instrument Fitter	Crane Operators
NDT – Level I/Level II Technicians	Forklift Operators
Machinists – Manual & CNC	Riggers
Welding Foreman	Cable Tray Fitter
Piping Foreman	Fitters for Assembly
Electrical Foreman	Cable puller
